THE
'OUT-SIDE'

DISCUSS ONE DOLLAR WHEAT

FARMERS MEETING AT STANDARD

A group of 140 farmers met at Standard on Thursday, November 6th, to formulate a resolution appealing to the Federal Government to raise the initial payment on this year's wheat crop to a dollar a bushel.

The resolution was discussed reasonably, and from all angles; and finally passed unanimously.

The Chairman, Mr. N. P. Nelson referred to his thirty-eight year's production of wheat on these western plains, and the comparatively few profitable crops he had had, during these many years.

Mr. Ben Plummer, of Bassano, stressed the reasonableness of dollar wheat. He pointed out that this, after all, would only net the grower 75c a bushel, for the finest wheat in the world. And from this bushel could be made forty loaves of the finest bread.

The U. F. A. President, Mr. Robert Gardiner, referred to the fact that wheat growing is a foundation industry, and of prime importance in feeding the nation. And white hogs and dairy products are being marketed at satisfactory prices, conditions in the straight wheat growing areas are very seriously affected owing to the Government policy.

It was emphasized by Mr. Gardiner that owing to the short crop this year

even with \$1.00 wheat the total payment would fall considerably short of the \$235 million suggested by the government.

An interesting point was brought out during the discussion. It was, that although acreage bonus payments had been made; P.F.A.A. contemplated, and the proposed 75c bonus taken into consideration, farm income would still be sufficiently below the 1940 level to justify dollar wheat, for 1941.

General satisfaction was expressed and felt at the fact that many varied groups and interested were supporting this appeal for dollar wheat.

A. HALEY, Editor.

DALEMEAD D. V. V

The U. F. W. A. and Junior U. F. A. held their annual chicken supper and bazaar in the Hall. They received the sum of \$65.00. All report an enjoyable evening.

Indus and Dalemead Branch of the Red Cross sponsored a delightful evening in the hall. Mr. Colwell entertained all with his moving pictures. Mrs. Moore gave a reading and Mr. Guthrie of Calgary gave several selections of songs. Miss Rhoda Keir was the recipient of the blanket drawn for. The sum of \$65.00 was turned over to the Red Cross from the evening's entertainment.

The Dalemead Junior U. F. A. donated the sum of \$25.00 to the Red Cross. Mr. Ronnie Hauswirth of Dalton, Mo. arrived here last Wednesday. He will be spending several months with his brother Otto.

Mr. and Mrs. R. Vanastine attended the wedding of their niece Miss Olive MacGillivray last Saturday, at Calgary.

Mrs. Stanley Pederson spent a few days in Calgary visiting her parents Mr. and Mrs. McLeod.

Mr. Ronnie Winters received a few cuts on his head, he having been thrown by the horse he was riding. Better luck next time Ronnie.

SHIPWRECKS URGENTLY NEED CLOTHING

At the urgent request of Canadian naval authorities, the Canadian Red Cross is immediately preparing to supply several thousands "Dunnage Bags for Survivors" to assist in clothing victims of enemy action picked up at sea, according to announcement from the National Headquarters of the Society.

This action, it is reported, is the sequel to a request from a Commander in the Canadian Navy received by the Red Cross some months ago for cloth-

ing for shipwrecked sailors and others, mentioning that ships picking up these survivors were often stripped of every extra garment the crew could muster in order to give even a minimum covering to these victims.

To meet this need, the Red Cross made some good-sized dunnage bags, into which were packed—overcoats or windbreakers, trousers, sweaters, underwear, braces, socks, running shoes, caps, mitts, handkerchiefs and scarf.

Mr. Hunt in his thought provoking address stressed the need of building a world wherein justice and a proper standard of living would be the common lot for all mankind.

Until such conditions are established we are not carrying the torch that was flung to us by those who fought and died.

Only by carrying out the precepts taught by Christ and building on the foundation laid down by Him can we establish such a condition.

We must make His law the guide by which we plan our lives and so establish His kingdom on earth.

Murray Ridley and Teddy Roberts in their Scout uniforms distributed the printed programs.

Mrs. T. S. Hughes took the solo part in the anthem "Seek Ye The Lord", very effectively.

Members of the Legion were in charge of arrangements.

Tuesday at the Cenotaph promptly at 10.50 the approach of the Veterans under command of Legion President C. E. Way, followed by members of the 23rd Battery with Lt. W. I. MacKenzie in command paraded in the enclosure surrounding the Cenotaph.

Prayers were read by Rev. Leslie Pearson, followed by an impressive talk, in which he stressed the high tenor of the letter written by a soldier to his mother, which the speaker stated characterized the type of our Canadian soldiers, of whom Canada is justly proud.

The two minute silence was reverently observed. Wreaths were placed

on the Cenotaph by Constable Rawsthorne for the Province of Alberta, by C. E. Way for the Legion, by Lt. MacKenzie for the 23rd Battery, by Mayor Hughes for the Town, by Mrs. Van Tighem for the Sorosis Society and by Mrs. Patrick for the Red Cross.

The flag was raised by Constable Rawsthorne and the singing of the National Anthem completed an impressive service.

Rev. Father Rouleau Tenders Resignation

Sunday morning the parishioners of Sacred Heart Church received a great surprise, when following the Morning Mass, Father Rouleau, P. P. of the Sacred Heart Parish tendered his resignation, and said Farewell, his resignation to take place immediately. He has been appointed Chaplain in the R. C. A. F., and as yet uncertain as to location.

COMING EVENTS

BARGAIN SPECIAL—Special Oil Permanent, regular \$3.50 for \$2.50; regular \$5.00 for \$3.50. Mrs. Janie Lyons, Strathmore.

Keep the date clear for the Bazaar and Dance, under auspices of Women's Institute at Nightingale, Friday, November 28. Mrs. Whitaker's orchestra will furnish music. Gents 50c, Ladies 50c, Supper free.

The postponed curlers meeting to organize for the coming season will be held in the Town Hall, Friday 14, at 8 p.m.

Plans are being made by the A. T. A. to hold Educational Week Meetings in the Wheatland S. D. the last week in January 1942.

A Public meeting in the interest of the Red Wings Hockey Club will be held in the Town Hall Wednesday, November 19th at 8 p.m. to organize and elect officers. A large attendance is urged.

The annual meeting of the Gleichen Constituency (Social Credit) will be held on Friday, November 21 at 1.30 p.m. in Hirtle's Theatre, Strathmore. The principal speaker will be the Hon. Solon Low, Prov. Treas. Don't miss hearing this outstanding address on timely topics.

Sunray lamp treatments, given to night fighter pilots who sleep in the daytime have been extended to submarine crews.

Advance for the Blind—

The dream of Lions who are engaged in blind work and sight conservation—the dream of many, many years—seems about to come true. It now seems possible that Braille characters may be used on an ordinary printing press, so that newspapers, books and pamphlets can be run off as rapidly as other matter printed from type, and at a cost correspondingly lower than that of the present method of printing Braille.

Even more valuable than the instructional benefits of the Braille Instructor is its adaptability, in chase form, to the modern printing press and duplicating machine. I have every reason to feel sure that this invention will stimulate a new trade for the blind—that of Braille printing, with blind typesetters, printers, and proof readers, and with a production of Braille literature in quantity, and at a cost commensurate with high speed ink printing.

Vichy Children III—

Vichy—The city health service reported today 52 per cent of Vichy's kindergarten children are ill from privation and that infant mortality tripled during the first half of 1941.

● Macleod, Nov. 6.—Flight Lieut. (Rev.) H. D. E. Ashford, chaplain at No. 7 S.F.T.S. since last December, has recently been transferred to the No. 2 wireless school, Calgary.

Ft. Lieut. Ashford was formerly minister at Scarborough United Church, Calgary.

Ft. Lieut. Ashford was very popular among officers and men at the No. 7 station and in the community generally, and his large circle of friends will learn of his departure with regret.

Britain Needs Eggs—

Britain wants only grade "A" eggs and that, of course, is the only grade which should be shipped.

Grade "A" eggs in ever increasing quantities can be produced if poultrymen will house their birds in clean poultry houses and confine the birds to the houses. Feeding them home grown grain mixed with commercial protein supplement will assure a superior egg.

● Toronto—J. NOEL KELLY, formerly Managing Editor of the Vancouver News Herald and latterly with the Vancouver Sun, has been appointed National Publicity Director for The Canadian Red Cross Society. This announcement was made by The Hon. Mr. Justice P. H. Gordon, Chairman of the National Executive Committee of The Canadian Red Cross.

Mr. Kelly served in the Royal Navy in the last war and has an enviable thirteen years' record with the coast newspapers. He has won international recognition on numerous occasions in Time, Editor and Publisher, New York World-Telegram and the Washington, D. C. Times-Herald.

NIGHTINGALE'S GENEROUS DONATION

The Strathmore Branch of the Red Cross Society acknowledge with deep gratitude the very generous donation contributed by the Nightingale Branch of the Women's Institute as shown by the following statement.

—To Canadian Red Cross Society—
From Mrs. Chas. Kimmitt, representing Nightingale Branch Women's Institute.

Receipts—	
Donations—	
Mr. Chris Cullen	\$ 4.00
Mr. Cameron	10.00
Mrs. Trollope	.50
Auction Sale	30.75
Taken at Door	109.25
Donations— Softball Club	5.00
Mr. and Mrs. Farr	3.65
Tee-Cloth Raffle	19.50

DR GERSHAW WRITES FROM OTTAWA

Canada's Tank Output—

The long 1941 Session of Parliament is drawing to a close and all Canadians are impressed with the magnitude of Canada's War Activity. Plants in Canada have been constructed to produce the modern weapons of destruction such as the tanks and Air planes. The tanks being turned out are tremendous structures weighing up to 16 tons and the labor and material in each is worth about \$90,000. In a month's time 100 of these will have been sent to Russia and by 1942 Canada will be turning out 200 a month. Since the War started 3749 Air-planes have been assembled in Canada and

1268 have been received from U. S. A.

Changing Seats—

On November 4th, the House of Commons witnessed the very unusual scene of seeing a member change his seat and separate himself from his party. Mr Roy from Gaspe, illustrated his particular case by telling the following story:—"A man called on an acquaintance. He was first told that the man was not at home. He then forced the door but was received with a heap of abuse. He went a third time and was taken by the scuff of the neck and kicked down the verandah." He then said, "Well I don't think that man wants to see me." Mr Roy intimated that he had not been welcomed in the Conservative party.

A new Conservative leader will soon be named and the general opinion in Ottawa is that Mr Arthur Meighen will be chosen.

Colonel Ralston has just returned from Europe where he visited all branches of the Canadian Army and discussed the War plans with the leaders in that part of the Empire.

Recruiting—

During a two-month Recruiting campaign 34,000 men had joined the army and 15,000 had enlisted in the Navy and Air force. This was far in excess of the 32,000 they had called for but since then they had hoped to get 37,000 men and had received only something over 24,000. There are now 110,000 Canadian soldiers overseas. Colonel Ralston said that a Committee of the Cabinet will continuously examine and "determine the most effective way in which Canada can keep up her fighting forces."

The Air Force has no trouble in getting men. Hundreds are trying to measure up to the exacting qualifications. More than 4,000 young men are on the waiting list for the Navy.

Mr Hansen has also recently returned from England. He was proud of what the Canadians had done and has many human interest stories to tell.

WAR QUIZ PROGRAM

(London Gazette)

London is playing a new general knowledge game. We all think that we are fairly well informed about the war. The idea is to test each other's ignorance with questions which anybody who is at all interested in the progress of the war ought to be able to answer. The surprising fact is that the vast majority of people are unable to answer any of them.

Here is a test for you. If you know the answers you can fairly claim to be a well-informed person. If you don't know, you ought to.

1—Who is the Commander-in-Chief of the Royal Air Force?

2—Who are the three generals commanding the Red armies on the Russian front?

3—Who is in charge of the operations of the German army on the Russian front?

4—Name the Prime Ministers of Canada, Australia, New Zealand and South Africa.

5—The U. S. A. is self-supporting in all but 2 commodities. What are they, and where do they come from.

6—Who commands the British and Empire armies in Africa?

7—Who is the First Sea Lord of the British Admiralty?

8—Who said "This means peace in our time"? and what was he referring to?

9—You know these people. Where are they now and what are they doing? (a) Lord Beaverbrook, (b) M. Malsky, (c) General Sir Archibald Wavell, (d) Mr Mackenzie King, (e) Lord Halifax, (f) Mr Hore Belisha.

THE PRICE OF WHEAT AND COST OF THINGS FARMERS HAVE TO BUY

This chart reveals the wide gap that exists between the price of wheat and the cost of the things farmers have to buy, the price of wheat being 25 per cent lower and the cost of the things farmers have to buy being 50 per cent higher than in 1913-1914.

It will be observed further that except for a brief period between 1937 and 1938, when wheat was for a short time relatively scarce and so was high in price, that this wide gap, which brings now, and has brought, such serious difficulties to our wheat growers, has actually existed since 1930.

During the past eleven crop years our farmers have delivered to market 3,084 million bushels of wheat. They have received for this in cash 1,709 million dollars. Had all these bush-

els of wheat enjoyed the same purchasing power as did a bushel of wheat in 1913-1914, or been at what the United States terms "parity level" — and no one considers wheat had too great a purchasing power in 1913-14 — then our farmers would have been able to pay for additional goods, commodities, services, debts and so forth during the eleven years to the additional value of 1,127 million dollars. Here, then, we see in a nutshell the real cause of our farmers' troubles during the past eleven years; and incidentally we see the reason for the "surrender" which animated every man he talked to in England whether he was the highest in Whitehall Palace He paid tribute to the spirit of "No or the most humble dweller in the East end where the bombing had caused such terrible destruction. No peace talk, no compromise, is in evidence there. Yet they are mindful that the end is not yet. They are sure that when the great Conflagration that is taking place on the eastern front is settled one way or the other that Hitler will return to the attempted invasion of Britain. That invasion attempt will be more terrible than ever anticipated in days gone by. Britain will not be subdued. The last words Mr Churchill said to Mr Hansen were—"Better to die than be conquered and we do not intend to be conquered."

others who depend directly and indirectly upon our farmers for their own living.

During this present crop year the Dominion Government has given to our farmers as bonuses a total of 52 million dollars to help to close this wheat-price gap. This 52 million dollars is, of course, of immense benefit to the West, but it reduces the present wide gap between the price of wheat and the cost of the things farmers have to purchase by no more than one half.

STABILIZATION OF PRICES AND WAGES

Your Country asks your loyal support of this Wartime Measure

TWO NEW CONTROLS have now become essential in Canada's wartime design for living. These are:

(1) Control of Prices

Commencing November 17, 1941, there may be no increase in the prices of goods and services generally unless absolutely necessary and authorized by the Wartime Prices and Trade Board.

(2) Control of Wages

No employer, with certain limited exceptions, may increase the basic wage rates paid to his employees unless authorized by a Board on which the Government, employers and employees are represented. But after February 15, 1942, every employer with the same exceptions, will be obliged to pay a cost of living bonus and to adjust this bonus every three months.

Action Necessary to Stop Inflation

This Government action has been taken to prevent the inflation we knew in the last war, and its subsequent depression, unemployment and suffering.

Every housewife knows that prices are rising, and rising prices, unless controlled, will make it more costly and difficult to finance the war. Rising prices, unchecked, will spread confusion in industry and trade; will hinder production and proper distribution of supplies; will make the cost of living rise more rapidly than wages and salaries; will lessen the value of savings; will result in hardship for almost everyone, and especially those with small incomes. And the result of uncontrolled inflation, after the war, when prices drop, will again be depression and unemployment. Prices cannot be controlled without control of wages. Excess profits are, and will continue to be, under rigid control.

Coverage of Wages Stabilization Order

The Order is applicable to the following employers:

- 1—Every employer normally subject to the Industrial Disputes Investigation Act.
- 2—Every employer engaged in the manufacture of munitions of war, or war supplies, or the construction of defence projects.

- 3—Every building trades employer with ten or more employees.
- 4—Every other private employer with fifty or more employees.

The Order does not apply to employers in agriculture or fishing, or to hospitals, religious, charitable or educational associations operated on a non-profit basis.

Wage Provisions

Except on written permission of the National War Labour Board, no employer may increase his basic wage rates. This permission can only be given in cases where the Board has found the wage rates to be low. Wage rates which are unduly high will not have to be decreased, but in such cases the Board may order the employer to defer the cost of living bonus.

Cost of Living Bonus

Every employer covered by the Order must pay to all his employees except those above the rank of foreman a wartime cost of living bonus.

Effective November 15, each employer already paying a bonus under PC 7440 of December 16, 1940, shall add to such bonus an amount based on the rise in the cost of living index for October 1941, above the index number used to determine the current amount of the bonus.

Effective February 15, 1942, each employer who has not been paying a cost of living bonus must begin to pay a bonus based on the rise in the index between October, 1941, and January, 1942, unless ordered by the Board to base the bonus on the rise in the cost of living over a longer period.

The bonus is calculated on the following basis: For each rise of one point in the cost of living the amount of the bonus shall be 25 cents per week, except for male workers under 21 years of age and female workers, who, if employed at basic rates of less than \$25.00 per week, shall receive a bonus of 1 percent of their basic wage rates.

These bonuses will be adjusted regularly every three months.

Administration

The Order will be administered by five regional Boards under the direction of a National War Labour Board. Labour and employers will be represented on each of these Boards. Watch for the announcement of these Boards to which inquiries concerning the application of the Order should be directed.

Whole-Hearted Support Required

Your Government knows that this policy, as it affects labour, industry, commerce, and agriculture, demands a degree of restriction to which Canadians are not accustomed, and is directly a wartime measure. It will demand self-discipline and self-control. It will need the whole-hearted support of everyone who has the well-being of his fellow citizens at heart. But by loyal co-operation, Canadians can have much more assurance that the fears, sense of insecurity, the suffering and profiteering which inflation always brings, will neither interfere now in the winning of this war, nor in the recovery and reconstruction of Canada and the Canadian way of living after the war is over.

Issued under the authority of
Hon. N. A. McLARTY,
Minister of Labour

THE WAR SAVINGS CAMPAIGN NEED YOUR \$\$

CANADA AS ARSENAL
OF THE EMPIRE

IN less than two years our Dominion has turned from a Peaceful and Peace-loving Nation, with the thought of, or preparation for war utterly foreign to her plan of national development, to one of manufacturing war equipment on a very large scale.

With the declaration of War by the Empire in Sept. 1939, Canada finds herself at the side of the Mother Country and other Dominions pledging her aid to the utmost to help turn the tide to victory for Britain and her Allies.

In these two years our country has changed from her peaceful pursuits to a manufacturing arsenal beyond the conception of all save those who are eye-witnesses of this development.

From Coast to Coast, air-ports, manning depots, training centres, with their accompanying hangars, barracks etc. have been built.

Tanks, bombs, airplanes, ambulances,

field guns, etc., with the uniforms necessary for the men who man these various type of war vehicle, have been produced.

Our men are every where giving an excellent account of themselves, in their bravery, foresight, initiative and courage in the face of extreme and certain danger.

It is Canada's BIG PART to continue to supply the needs of the armed forces. We have the room, the minerals, water and electric power and a very large part of the material, natural or manufactured that comprise the finished article.

This we believe is Canada's important role.

The enlisted men are filling an essentially vital part in weakening the force of the enemy, and Canada MUST see that they lack nothing to strengthen and fill their needs.

For this purpose your money is needed.

When the canvasser calls on you this week— Play Fair and Pay Up.

ENLARGED
MUNICIPAL UNITS

FOLLOWING on the culmination of the enlarged School District comes the enlarged Unit of Municipalities.

In some parts of the Province amalgamations of Municipal Districts have already taken place, and that others are to follow soon, is an acknowledged fact. With such a move will of course come centralization to greater or lesser extent.

This movement was originated before Premier Aberhart was in the political field, a map of contemplated Units having been made in 1932.

It is difficult to reconcile however the attitude of the present government in enlarged School Units and enlarged Municipalities with the attitude of the Premier who objected to the centralization for Canada, when the Sirols report was being considered at Ottawa.

Bow Valley is considered one of the well managed Municipalities in the Province at the moment. Whether ultimately it will be merged with others is as yet unknown.

It will pay however the councillors and residents to watch closely acts along this centralization.

The enlarged School Unit is generally conceded as having a beneficial effect. It is stated that enlarged Municipal Units will curtail expense of administration, but there are dangers which will need astute watching to avoid pitfalls.

Phillips For Cars & Trucks

RECOMPENSE

(Prize Poem)

Where lovely Avon winds her rippling train,
Jewelled with yellow lillies, through the lush

Forget-me-not fringed banks— where the refrain

Of silver-throated lark and misal-thrush

Enchanted you, you will not walk again.

You will not see the fires of sunset burn

And fade at evenfall, or hear again The nightingale's ethereal nocturne;

And golden Junes will star the riverain

With fragrant flowers— but you will not return.

You will not see again the faery foam

Of blackthorn blossom breaking, when the Spring

Comes round again—and, in the falling gloam

Your feet no more will press the purple ling

That diadems the dear, green hills of home.

But, though your singing heart will never leap

With ecstasy again—in England's dower

Of deathless loveliness — this thought I keep;

You shared the glory of her greatest hour

Before your eyes were shuttered in long sleep.

—Agnes Aston-Hill.

Listen to the Invocation of the Dawn.
Look to this day — In its brief course
Lie all the realities, all the verities of life.

The bliss of growth.
The glory of action,
The splendour of beauty.
For yesterday is but a dream—
And tomorrow is a vision—
But this day, well-lived,
Makes every yesterday, a dream of pleasure.

And every tomorrow a vision of hope.
Look well, then, to this day—
This is the Invocation of the Dawn.

TEN POINT PROGRAM

The Monetary Reform Party meeting in Winnipeg approve the following 10 points.

1—To foster and encourage the universally recognized principles of Christianity in human relationships.

2—To establish in accordance with the highest traditions of the British way of life, responsible and effective democratic government in Canada as the basis of post-war reconstruction, so that the people will gain the right results they desire from the management of their own affairs.

3—To oppose and expose any attempts to weaken the democratic sovereignty and the democratic institutions of the people by means of increased centralization of power.

4—To liberate the country from the yoke of the present financial system and its enslavement of a constitutionally free people.

5—To restore to parliament effective control over the issue of all currency and credit.

6—To obtain the economic security which the vast resources of Canada can provide for her citizens.

7—To abolish unnecessary poverty and privation.

8—To secure freedom from oppressive debt and taxation.

9—To ensure that after the war the men of our victorious fighting forces

NEW BULLETIN ON SWEET CORN

Lethbridge Experimental Station

A new bulletin, "Sweet Corn in Alberta", has just been published and is available for distribution primarily to residents of this province. The information it contains has been assembled and prepared particularly for the culture of sweet corn in Alberta. This would appear very timely because sweet corn is a popular vegetable particularly in that part of Alberta south of Calgary.

"Sweet Corn in Alberta" was published by the University of Alberta. The University bulletins are always of interest to this Station but this one is of special interest because the horticulturist at this Station has been named co-author. Hence a few comments in regard to the bulletin would seem to be in order.

The growing of sweet corn has made very definite progress in Alberta in the past ten or fifteen years. Not so very long ago Squaw corn a field variety, was the principal kind used for table purposes. Its culture also was limited primarily to the southern parts of the province. However, through the efforts of plant breeders better varieties are now available and the corn belt is gradually moving farther north. At one time it was considered impossible to grow sweet corn at Edmonton. Now, by the use of extra early varieties, sweet corn is grown in the gardens flanking the Peace River. Moreover, sweet corn has become a very important commercial crop in Southern Alberta. It is used extensively as a market garden crop at Lethbridge, Barnwell, Taber and Medicine Hat. Roughly 2200 acres of it were used so far for canning purposes at Taber in 1941. Many such facts are found in the bulletin. A striking fact is that sweet corn is ready for use at Edmonton about three weeks later than at Taber. This is due, not so much to the difference in the length of the growing season at the two points, but more to the fact that the average summer temperatures are higher and more prolonged at Taber.

The bulletin is one of the most complete publications of its kind. It contains much information for the home gardener, the commercial grower, the seed grower and also the student. Cultural methods for sweet corn are dealt with in detail from the time the seed is planted until the ears are picked for table use or for seed purposes. This includes time, distances and methods of planting, cultivation, irrigation, methods of picking, shipping, etc. Detailed information is given in

regard to the proper methods of producing hybrid corn seed, registered seed, etc., and also how to handle the seed before and after it is harvested. The student will find this publication an invaluable asset because seldom is information regarding the botany, genetics, food value, etc., of corn found compiled together with detailed cultural facts.

The fact that the bulletin deals only and in considerable detail with sweet corn indicates that increasing emphasis is being placed on the role of vegetables as important commercial crops in Alberta. In other parts of Canada, where vegetables are considered only as home garden items, the writers usually deal with them in a general way and disregard details. It would therefore seem fortunate that the University of Alberta and its Department of Horticulture realize this fact and are prepared to encourage this phase of commercial agriculture.

The distribution of the new bulletin "Sweet Corn in Alberta", is entirely in the hands of the Department of Extension, University of Alberta. A nominal charge of ten cents per copy is asked.

NAMAKA

By M. W.

Mrs. Baker returned last Thursday from a two week's visit in Calgary.

The Red Cross supper in the Community Hall last Friday evening was very successful. A large crowd enjoyed the supper and the Bingo table. There were also tables of fancy work, home made candy, etc. for sale. "Pickets" were sold on a lace tea cloth, donated by Mrs. Biggar, also on a China tea set. Loy Wheeler acted as auctioneer for a few prizes left from the Bingo table. The proceeds for the evening were one hundred and sixty one dollars clear.

Slm Johnson had the misfortune to jam his finger very badly and after having it X-rayed found it had to be amputated at the first joint. He is in the Holy Cross hospital. We wish him luck and hope he will be home in a day or two.

Hunting still seems the most popular sport around Namaka.

The west end of Namaka has been greatly improved by the filling in of the old cellar on the Mike Brown lot.

Mr. Jim McBean returned Saturday evening from the U. G. G. Convention in Winnipeg.

Mrs. Jim Bremner of Calgary is visiting her mother Mrs. Baker.

Annual Chicken Supper Ladies Aid—

Thanks to the continued fine weather the spirit of goodwill throughout the community, and the willing co-operation of men and women of all denominations, including Catholic and Protestant, the annual chicken supper held last Wednesday, November 6th under the auspices of the Ladies Aid of the United Church was a real success in every way.

There were three hundred or more people present including people from Calgary, Strathmore, Didsbury, Mossburn and at least one person from Banff. The Ladies were on the job in full force and were assisted in serving the supper by some of the men. Clarence Peterson, Eric Barlow, Walter Crowe and Norman Mutch, who looked fine in their white aprons, and rendered valuable service.

Supper was served in the basement of the Hall, following which there was a programme and moving pictures.

Mr. Chic Colwell kindly loaned and operated his machine, showing films that were loaned by the C. P. R. through the courtesy and co-operation of Mr. McMurray of Strathmore.

The following programme, was presented and thoroughly enjoyed by everybody.

Sing-song including O Canada, was led by the minister.

Violin solos, "Bells of St. Mary's" and "The Swallow" by Miss Hilda Thiel, accompanied by Zerah Clegg. Piano solo, "The Maiden's Prayer" by Shirley Lintick.

Reading, "Buddie and Waffies" by Doris Standly.

Vocal Duets, "One Fleeting Hour" and "The Gentle Stranger", by Rev. and Mrs. S. R. Hunt, accompanied by Miss Chapman.

Piano solo, "Silver Stars", by Zerah Clegg.

Piano duet, "Intermezzo from Cavalleria Rusticana" by Zerah and Shirley Clegg.

Girls Chorus, "Wings Over the Navy" and "There'll Always be an England", by the Mission Band.

Piano Selection, "Little Chimsman" by Kathleen McKinnon.

Other features were the Candy Booth and Bazaar, which included sale of aprons and miscellaneous parcels. Total proceeds were about \$120.00.

Home School Association—

The first regular meeting of the Home School Association was held Friday evening at the School. Mr. C. Petersen, the President in the chair. There was a fairly good attendance and a keen interest was manifested.

It was decided to meet the first Thursday in each month. Following the business a very interesting programme was furnished by the Teaching Staff, Mr. Worger, the Principal as Chairman. Each member of the Staff dealt with some phase of the school work.

Miss Gillanders introduced the question of schoolships for Grade IX.

Miss Kennau spoke on the Enterprise work of the Primary Room. Mr. McKenzie dealt with the Report cards and Mr. Worger discussed the question of Discipline in the High School, and other departments.

A committee consisting of the President and Mr. McKinnon was appointed to consider the question of forming a grain club and stock club.

It is hoped to have some speaker from Calgary at a subsequent meeting.

NIGHTINGALE

By M. H.

The members of the Cheerle Circle Girls held their annual meeting at the home of Mrs. Trollop last Tuesday. The girls had a very successful year. It was the annual meeting and the following officers were elected. President, Mary Trollop; Vice-President, Miss E. Egeland; Secretary, Edith Larson, Treasurer, Doris Hilton.

The Women's Institute held two meetings during the past month. One was held at the home of Mrs. Leonard Hilton, October 31st, the second with Mrs. Larsen on Nov. 7. The main business at both meetings was working on the new quilt and making plans for a bazaar and dance to be held later in November.

The children and parents of Valley Garden School enjoyed a pleasant evening at a Halloween party at the school.

A number of young folk went to Calgary last week. All returned safely except Floyd Joel, who left some teeth behind. Last report he is making a satisfactory recovery.

Hugh Knight of Luscar, Alta., now with the army service was a week end guest with Weldon Harriman at his home.

The new grade on the road east and west four miles north of Nightingale is much appreciated. The bad hole by James' corner is being taken care of and by and by we will be getting a better way out.

THE WEEK IN EDMONTON

(BY DAN E. CAMPBELL)
 (Director of Publicity)

● Binoculars for Navy Men—

An appeal for binoculars for use of
 navy men in training here has been
 sent out. The men need them to pre-
 pare for later spotting and recognition
 of ships at sea. Any good-hearted citi-
 zens wishing to donate glasses are
 requested to communicate with Lieut.
 Colin S. Glasco, officer commanding
 the naval barracks in Edmonton.

● Enlarged Units—

Consolidation of the present munic-
 ipal district system is projected as
 Department of Municipal Affairs pol-
 icy in a booklet just issued and for-
 ward to all interested parties. It
 has been announced that the first
 trial amalgamation will be made Jan-
 uary 1, when the districts of Spruce
 Grove, Inga and Tomahawk will be-
 come one. The change-over will be
 made under existing legislation. It is
 said that the present organization
 was framed on arbitrary lines, since
 the population was scanty when local
 government commenced, and that this
 revision will more accurately and ec-
 onomically fill the requirements.

● Dr. Sees 48 Years Service With R. C. M. P.—

Dr. E. A. Braithwaite, chief coroner
 for the Province, marked forty-five
 years in that capacity Friday, Novem-
 ber 7, just after his return from the
 Nordegg mine disaster scene. He com-
 menced his duties in 1896, nine years
 before Alberta became a province. He
 has been a surgeon with the R. C. M. P.
 for 47 years and eight months. Born
 in Yorkshire, England, Dr. Braith-
 waite was a schoolmate of Rudyard
 Kipling. He recalls many stirring in-
 cidents of the pioneer days, including
 the hanging of Louis Riel, which he
 witnessed.

● Alberta Junior Judges of Stock—

Alberta farm boys and girls sent as
 judges to the Canadian National Com-
 petitions in Toronto continued the
 success of their predecessors. Eleanor
 Mullis and Dena L. Parry of Leth-
 bridge took 5th prize in dairy cattle
 judging; Robert G. Lewis and Ray L.
 Risney of Bon Accord took 1st prize
 in beef cattle judging; Nancy and Rob-
 ert Dunbar of Calmar were 7th prize
 winners in swine judging and 2nd
 prize in grain judging went to Wil-
 loughby R. Cole, Drumheller, and Calvin
 G. McGhee, Ghost Pine Creek.

● Civil Service Salary Bonus—

The provincial government is await-
 ing details of regulations covering
 cost of living bonuses before consid-
 ering formally granting of this to pro-
 vincial employees. It was stated this

week. At the present time a salary ad-
 justment committee is conducting a
 survey into the whole salary struc-
 ture of the civil service, and presum-
 ably the cost of living proposals will
 be included in the scope of survey be-
 fore recommendations are made.

LEGION NOTES

Volunteer For Victory Meeting In Calgary

C. E. Way accepted the invitation to
 attend the recruiting conference held
 in Calgary last Friday, and reports a
 large attendance and a most interest-
 ing trip to Victoria Training School
 and Currie Barracks. The Training
 School he states was outstanding as
 regards what one could compare with
 the efforts made in the last war. Here
 a soldier can learn a trade which will
 not only be of value in his army train-
 ing but also of service when he re-
 turns to civilian life. The military
 display at Currie to those who served
 in the last war had not changed so
 much, there are some refinements in
 the equipment, and in the main light-
 ness is a change for the better. As re-
 ported in the daily press those invited
 while pledging their support in the
 drive "Volunteer for Victory," were
 generally critical of the methods em-
 ployed and quite outspoken when re-
 quested for opinions. The general
 feeling was that nothing short of a
 total war effort would meet the situa-
 tion and no doubt the powers that be,
 took back a clear picture of the west-
 ern point of view.

Arrangements are being made to
 hold the Armistice Smoker on Tues-
 day, November 18th. Guest speaker
 for the evening will be Colonel D. N.
 Dingle. Ralph Henderson and others
 from the Calgary Branch are expect-
 ed to accompany him.

The drive for funds for the purchase
 of a Mobile Canteen was most suc-
 cessful, a cheque for \$110.00 being
 forwarded. Thanks to all who so fre-
 quently donated their services.

Appreciation is also expressed for
 the excellent addresses given by the
 Rev. S. R. Hunt, B.A., and the Rev.
 L. T. H. Pearson, B.A., at the Remem-
 brance Day and Armistice Day Ser-
 vices.

The V. V. R. will "shoot" this Friday
 night.

SCOTTISH SCOUTS' AIR RAID SERVICE

When a Scottish town was blitzed,
 the W. V. S. unit of a neighboring
 village was asked to take care of
 1,200 bombed out people. The village
 Boy Scout troop at once turned their
 meeting hut into a rest centre, and
 provided sleeping space for seventy
 persons. For ten days they rose at
 4.30 a.m. to light canteen boilers,
 maintained a day and all night mes-
 senger service, provided evening en-
 tertainments for the emergency
 guests, and generally acted as always
 available odd job men. All was done
 under boy Patrol Leaders, since the
 Scout-master and his assistants were
 not available.

THE LETTER ARRIVED His Geography At Fault.

E. A. Poulin, city clerk of St. Boni-
 face, Man., said he received a letter
 from a New York lawyer addressed to
 the St. Boniface City Clerk, "Provid-
 ence of Manitoba, Saskatchewan."

WORLD'S WEEK

BY HAROLD L. WEIR

Associate Editor and Daily Columnist of the Edmonton Bulletin

The Russians need tanks; they need guns; they need airplanes; but there is a lot of strength left in them. Take the air force, for instance. Its burdens are tremendous yet its morale remains higher than that of any other branch of the Russian fighting services.

It has been able to prevent the Luftwaffe, despite the numerical superiority of its planes, from gaining clear-cut domination over any part of Russian held territory.

Providing the Russians are able to retain anything like their present fighting power, it is most doubtful if the Germans will be able to maintain a stabilized 2,000 mile front without mobilizing a very large army in the east.

What the Russian strength will be when the German drive reaches its ultimate limits is not now possible to predict. We can only be certain of one thing—that such weakening as has occurred has been at a much slower rate than the Germans and most foreign observers expect.

If you were able to tour the Russo-German front from Murmansk to the Black Sea you would get the following picture—

In the extreme north, along the Finnish border, there is comparatively little activity on either side. At the approaches to Leningrad the Germans are quiescent, with the Russians vigorously counter-attacking isolated sectors.

Now it is known for a fact that the Russians continue to hold a corridor and railway communication in and out of Leningrad. The Nazis are maintaining intense pressure along a semi-circular front facing Moscow with Soviet reserves making their power felt. For the past week the Germans have been able to score no notable advance in this sector. Telephoned reports from Moscow confirm day and night aerial activity though German bombers are coming over only in small groups. So far there have been no mass raids.

Very little news is available about the vast sector of the front between Moscow and the Don Basin. In the latter area the Russians continue fierce resistance west of Rostov-On-Don in the face of concentrated and shifting German tank thrusts, according to Soviet reports.

As a result of nearly a month of unmitigated offensive action the Germans have managed to create a bulge into the northern end of the Crimean Peninsula but progress has been slow and fiercely contested.

Obviously, the two chief aims of Hitler's Crimean campaign are to gain a stepping stone toward the Caucasus and the capture of the Black Sea naval base of Sebastopol. He is finding the task a formidable one.

Recent Soviet news reports shed some new light on the methods the Germans are employing to meet transport problems. As they advance the Nazis are converting railways from the wide Russian gauge to the narrow-

er German gauge in order to accommodate German trains. With the roads converted to ribbons of mud by an autumn thaw the Germans are utilizing transport planes in large numbers to carry gasoline and oil for airplanes and tanks up the vital front line sectors.

Soviet fliers discovered more than 50 of these fuel planes parked in an airfield at Orel, 110 miles south of Moscow, and blew them up in a surprise raid, it is claimed.

Religious persecution is breaking out in another section of the Nazi area proving that it follows Hitler's conquests like a plague.

On the grounds of alleged misuse of records, the Croatian minister of justice has ordered the rights of Roman Catholic church officials restricted throughout that newest Reich satellite, according to a report in the Neue Zuercher Zeitung (of Zurich).

Among other repressive steps taken against the church, the surrender of all records and notes relating to births, marriages and deaths has been ordered, the account says.

The new decree was announced by the official government organ.

Hrvatski Narod.

Important in the news of the week is the report that a small but distinguished group of eight Latin American scholars and Liberal politicians will meet in New York next month to discuss with American scholars the present and future of American relations.

The meeting's formidable title of Sciences does not hide the noticeable omission of Brazilian representatives and the inclusion of Luis Alberto Sanchez, a member of the Aprista Party in Peru. The Apra movement, founded by Haya De La Torre, is banned in Peru though observers concede that it would command overwhelming popular support in free elections.

Latin American Scholars

Meet in New York—

The eight Latin American scholars and writers invited to New York are: German Arciniegas, of Colombia; Americo Ghidoli and Eduardo Araujo, of Argentina; J. A. Arze, of Bolivia; Jorge Irujo, of Ecuador; J. Garcia Monge, of Costa Rica; Luis Alberto Sanchez, of Peru, and Daniel G. Villagas, of Mexico.

The Seminar is organized by the University of Denver's foundation for the advancement of social sciences, headed by Dr. Ben Cherrington. Dr. Cherrington was the first chief of the state department's division of cultural relations.

The Standard invites its readers to listen to The Saturday Night Review which is broadcast by Harold L. Weir every Saturday night at 8.15 over CFRN (1260 kc.).

For nearly two centuries, St. Paul's cathedral, London was without bells. Its chimneys were installed about 60 years ago.

Consider the flea, says a foolish contemporary. All it does in its life is jump around—and it goes to the dogs.

Locker Holders Meeting

A meeting of the locker holders in the former Strathmore Cold Storage Locker Plant was held in the Memorial Hall on Wednesday, November 12, and was attended by some forty interested parties. After reading minutes of the last meeting, the Secretary read the financial statement, showing total collections of \$69.50, and a cash balance at present of a little over \$12, but with current or imminent liabilities of a good deal more. In order to offset these, another \$38.00 was realized, through these present, the Town and the Municipality.

A letter was read stating that sole ownership of the building had been awarded Johnson Investments, of Calgary. Including all outstanding accounts, the chairman T. S. Hughes, stated that liabilities of the plant amounted to twelve thousand dollars. An arrangement may be made to settle the whole matter, stated the investigating committee for \$7200. Incident expenses might run the figure up to \$7500. Of this amount, \$5,000 is due

Johnson Investments for the building and for the Baker Ice claim, and Mr. Johnson is willing to wait for his claim, if he is convinced the plant can be again put in operation. Probably, \$4,000 cash would be sufficient to open the plant. The equipment of the rural chill rooms is part of this plant, apparently, but the locations are not. Most of them are in the back of other business premises. Most of the holders of lockers in these plants would be favorable to operation of this plant, depending on the operator and his ability.

The main question before the meeting, said the chairman, was whether or not the locker holders wanted to form a co-operative and operate the plant themselves, or allow a private buyer to take over, and rent lockers from him. Discussion on this point followed. Finally a standing vote was taken. Sixty-five percent voted to try a co-operative, ninety percent voted to find a buyer. The obvious deduction is that all the locker holders want to see the plant re-open, in any capacity, but that a greater proportion are a little dubious about the feasibility of a co-operative.

It was decided to send out a questionnaire to all former locker holders asking if they are interested in re-opening the plant, under what system, and whether they might be interested financially.

A motion was carried reinstating the investigating committee to carry on with the work until the questionnaires come in, at which time they will tabulate the results, and act on the vote. If private ownership is indicated, they will investigate the possibilities of a buyer, or buyers, and if co-operation is favored, they will call another meeting to form a board of directors, and to carry out the further items that arise. In the meantime, the committee feel that no harm can be done by advertising for buyers, from whom much information may be obtained.

Mr. Sewal of Hussar, a member of the committee since its formation, resigned at the meeting, and was tendered a vote of thanks for his work. Replacing Mr. Sewal, J. C. Lawson, also of Hussar, was elected.

Following the meeting, the committee met to draft the questionnaire, which is printed below—

1—Do you desire the Questionnaire (Continued on Page Eight)

Allistair McGregor came up from Cardston to enjoy the holiday week end at his home.

Darrell and Mason Belts spent the long week end at home, returning to East Coulee Tuesday morning.

Miss Annie McGregor returned Tuesday to Calgary to complete her course at Mr Ransom's Commercial School.

Mr O. H. Christensen continues very ill in a Calgary hospital.

Douglas Shrimpton visited friends in Okotoks during the week end.

While May Day is usually considered moving day, it emotions have been reversed this year in Strathmore, a number of changes being made, or about to be made at the C. P. R. Headquarters. Mr and Mrs Ridley have moved into the house of the Superintendent, recently vacated by Mr and Mrs Griffin. Mr and Mrs Fessenden will occupy the house vacated by the Riddleys, and Mr and Mrs W. S. Paterson will move into the Fessenden house. Mr and Mrs Young are residing in the suite formerly occupied by Mr Rowse and family.

Mr and Mrs Fred Holmes and Gary spent Tuesday with the former's parents in Okotoks.

Chic Brown, youngest son of Mr and Mrs R. A. Brown who was home on leave left last week end for the East with the R. C. A. F. Good luck Chic.

Strathmore Sororals Society have sent cigarettes for Christmas to all men overseas who have gone from this district.

The W. M. S. will meet at the home of Mrs N. White on Tuesday, November 18, at 3 p.m. All ladies welcome.

Miss Iola Cleeve was the guest of honor last Thursday when her friends entertained at a miscellaneous shower in the basement of the United Church. About 50 ladies were present. She received many lovely gifts, along with the best wishes of all for a happy future.

Mrs Platt returned last Tuesday from a 1 week holiday at Vancouver and Victoria.

WEDDING

ROBISON — CLEEVE

Saturday evening at 7 o'clock a quiet but very pretty wedding was solemnized at the home of Mr and Mrs J. E. Robison, when their eldest son Gaylon was united in marriage with Florence Iola, younger daughter of Mr Jack Cleeve of Strathmore and the late Mrs Cleeve.

The bride is a member of a pioneer family of Strathmore her grand parents Mr and Mrs Harry Anderson coming to reside in Strathmore in 1910.

The bride given in marriage by her brother Dick Cleeve, looked very winsome in a street length dress of Victory crepe and a corsage of pink rosebuds.

Miss Frances Jones as bridesmaid chose for the occasion a very pretty gown of rose crepe, with which she wore a corsage of yellow rosebuds.

Mr Gerald Robison was best man for his brother, and Miss Elva Robison played the wedding music.

The ceremony was performed by Rev. Stanley Hunt.

Following the marriage ceremony a reception for about thirty guests was held. The bride's table was centred with a 3 tiered wedding cake, the toast to the bride being proposed by Rev. Hunt.

The rooms were attractively decorated with pink and white streamers, wedding bells, with a background of white mums and fern.

The bride and groom left for a short honeymoon in Calgary and Turner Valley.

The Standard joins in best wishes to the young couple.

WEDDING

GARRIOTT — PETERSON

In a quiet ceremony which took place at the Grace Presbyterian Church, Calgary, Wednesday, November 12 at 12 noon, Stella Maria, second daughter of Mrs Mary and the late Mr George Peterson of Namaka, became the bride of Mitchell Milton, fourth son of Mr and Mrs S. F. Garratt of Strathmore. The Rev. A. Bright officiating.

The bride given in marriage by her brother G. L. Peterson was charming in a white corded taffeta gown over which she wore a matching bolero jacket. Her chapel veil was held in place by a wreath of orange blossoms. She carried a bouquet of American Beauty roses and white carnations. Mrs Alex Peterson attended her sister in law as matron of honor. She was becomingly attired in a gown of blue satin and blue flowered turban. She carried a bouquet of pink carnations.

The groom was attended by Mr Alex Peterson.

Following the ceremony the bride and groom with immediate relatives repaired to the home of Mr and Mrs P. B. Larsen where the reception was held and a sumptuous wedding breakfast was served.

The room was artistically decorated with pink and white streamers, and a profusion of pink and white chrysanthemum. A three tier wedding cake centred the bride's table, flanked by tall silver candles.

ROCKYFORD

— By K. M. G. —

A very successful Bazaar in aid of St. Rita's Church was conducted by the Catholic Women's League on Wednesday, November 5th Mrs Halpin made a splendid general convener with Mrs P. Stinn in charge of the dining room. Mrs Busch and Mrs Dahm took over the kitchen and Mrs Kennedy and Mrs Hengdemmer in the fancy work and plain sewing booths. The hall was a busy place from three o'clock on, and at four the high school girls opened their candy booth and the fish pond to the enjoyment of all the children and many grown up too. By 5.30 a delightful chicken supper was being served to a very large crowd. When the Bazaar was completed the Knight's of Columbus took over for a very popular dance. During the evening the draw was made for the Tombola and other prizes. The lucky winners were as follows—1st, a Gent's sweater won by Yvonne Ang; 2nd, table lamp, Zena Henke; 3rd, camera, Don Dahm; 4th Wool bedspread, Anita Henke; 5th, Pyrex coffee percolator, Mrs L. M. Katterhagen; 6th 10 gallons Gas, Karl Bognor; 7th War Savings Certificate, C. County; Bedspread, Fritz Hoelscher; Doll, Betty Wilson.

The young people of Tudor and Rockyford combined in a surprise party of welcome for Mr and Mrs L. Hendricks on Friday evening, Nov. 7. The young couple had just taken up residence at their farm west of town after the short honeymoon trip, following their wedding late in October.

Mr Joe Leman has succeeded Mr W. McGee in his duties at the Rockyford hotel.

Miss Mary Miller had her mother down from Hanna to visit her over the week end.

Mrs Bradwell arrived home from Calgary on Sunday after her recent visit to the hospital. Her mother came with her to stay for a short time. We are glad to see Mrs T. Birt back in our midst again after almost a month in the hospital. She is weak but improving rapidly.

Mr Leo Stinn had an exciting few minutes on Monday when his team of horses took fright while he was unloading grain at the Elevator. They broke away with the front of the wagon, and after crossing the railway track landed in a ditch and after turning over many times and being almost hopelessly entangled they were finally straightened out and got up and walked away, evidently little hurt.
